"Exciting, humanly moving, revealing, it makes the Buddha's achievement much more real than just reciting the traditional facts. I read each volume without putting it down!"

-Tenzin Robert Thurman, President of Tibet House

"The books are all I'd hoped they'd be. Tezuka's dramatic skills make the pages fly by."

-Chester Brown, author of *Louis Riel*

"Osamu Tezuka invented a whole new grammar of comics storytelling and his place in the history of Japanese comics is about as central as Siddhartha's place in the history of Buddhism."
